Hacienda Heights Improvement Association

Membership Report

As of this writing we continue to have 291 active members. No new memberships for the month to date.

There appears to be a glitch in our system with respect to members on file addresses and that which is used to distribute our Newsletters. I propose a cross checking with Joan Licari to ensure members addresses are up to date for Newsletter distribution.

I'm preparing to do a mailing to all new residents this month. However, I am completely out of marketing brochures. Additionally, those same brochures require updating.

Jim Kleinpell

Membership Director
